

LV-DM30

Terminator of traditional tape
30 meter range , +/-2mm accuracy

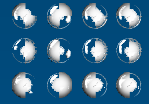

Terminator of traditional tape

1. Colorful appearance lightening your life
2. Unbelievable light design
3. Intelligent measuring, amazing experience
4. Competitive features & competitive price

Terminator of traditional tape

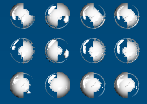

✓ Colorful appearance lightening your life

Pearl White? Agate Pink? Crawley-root Red? Or Apple Green? You surely will find one color fits for you! Simplified and deft design of keypad makes the instrument smart, fashion and easy.

Terminator of traditional tape

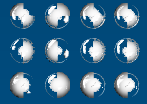

✓ Unbelievable light design

- ⌋ As an innovative product, LV-DM30 is different from other laser distance meters.
- ⌋ The whole instrument just weights 75g, and you can hardly feel the weight when you hold it.
- ⌋ LV-DM30 is just 24mm thick and you can easily put it in your pocket.

Terminator of traditional tape

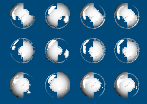

✓ Intelligent measuring, amazing experience

- ┌ LV-DM30 is carrying on the innovation culture of L.V and has integrated multiple measuring functions and intelligent calculations.
- ┌ You can easily measure length, acreage, volume by simply press a button.
- ┌ The backlight display allows you to measure at anywhere and anytime. You can easily read two lines of data even in dark environment.
- ┌ The measuring range of 340m and accuracy of 2mm can definitely meet all your measuring needs at home.

Terminator of traditional tape

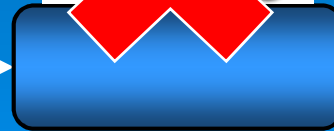

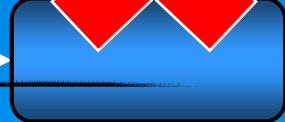

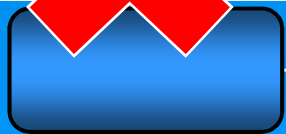

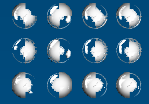

✓ Not just competitive features but also competitive price

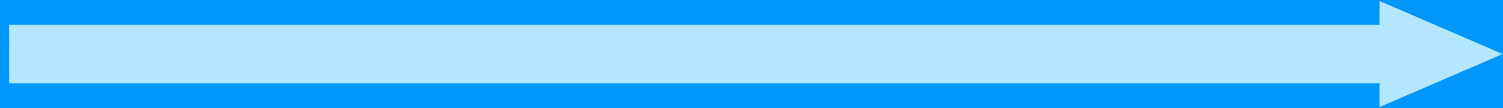

Several years ago you might think the technology of ultrasonic ranging was unbelievable, but it is not comparable to LV-DM30 at all. No matter the appearance, features and cost performance, LV-DM30 has obvious advantages. LV-DM30 is the perfect home use measuring tool and possibility the terminator to any traditional measuring tools.

Technical specifications

Specifications	dTape2
Range	0.05-30M
Accuracy	±2 mm
Unit	M/Ft/In
Max/Min, Continuous measurement	Y
Area, calculations	Y
Display	2 Line display
Display illumination	Y
History measurement recodes	10
Buzzer indication	Y
Keypad	Plastic+rubber
Battery type	Type AAA 2 x 1.5V
Battery life	Up to 5000 time
Laser Class	Class 2M II
Laser type	650 nm, < 1mW
Operating Temperature	0° C to +50° C(+32° F to 104° F)
Storage Temperature	-10° C +60 (14° F to +140° F)
Dust Protect/Splash proof	IP54
Auto. laser switch-off	After 0.5 second
Auto instrument switch-off	After 3 min
Dimension	100*40*24mm
Weight	75g
