

Description

- A = Laser Lines
- B = On/Off Lines
- C = Level Vials
- D = Fastening Pin
- E = Magnet
- F = Magnet
- G = Battery Compartment

Technical data

- Accuracy: $\pm 1.4\text{mm/m} (\pm 0.55'' @ 30\text{feet})$
- Max power output: 5mV
- Power: 2x1.5V AAA
- Laser wavelength: 625 ~ 670 nm
- Laser class: US class 3A, EU class 3R

Laser Safety

- A laser device is not a toy and must not be allowed to fall into the hands of children.
- Misuse of the device can result in permanent eye damage.
- Any correction measures that are aimed at increasing the laser power are forbidden.
- No liability is accepted for damage that result from non-adherence to the safety instructions.
- If laser device is not to be used for longer than three months, please remove the batteries to avoid the damage from the battery leakage.
- The laser device does not contain any customer service components.
- Please do not open the housing as doing this would not cover the warranty.
