

The all new L.V level digital level range is based on high accuracy professional technology for use in all construction applications. With heavy duty aluminium extrusions, these levels are the level of choice for:-

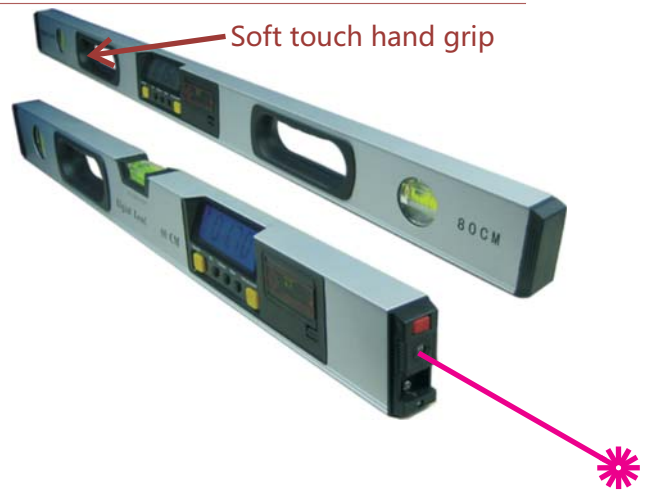

- Plumbing and drainage
- General building and construction
- Fencing
- Machine set-up
- Roofing and roof pitching
- Window and door framing
- Interior decorating
- Balastrades and staircases

LV-DL600 600mm Digital Level

- 600mm Digital Level
- 3600 angle measuring
 - Large LCD display, rotates 1800 for overhead reading
 - Display hold and alternative zero function
 - Inclination direction indication
 - Self calibration function
 - % and 0
 - mm/m, in/ft
 - Audible buzzer at 00
 - +/- 0.10 accuracy
 - Padded bag included
 - Padded hand grip
 - 3 - AAA batteries

LV-DL800 800mm Digital Level

LV-DL600/laser 600mm Digital Level with Laser Beam

- Laser Class 11/111
- Self-calibration function
- Emits a laser dot to 30m, dependent on light
- % and 0, mm/m, in/ft
- 3600 angle measuring
- Audible buzzer at 00
- Display hold
- +/- 0.10 accuracy
- Large LCD display
- Padded bag included
- 3 - AAA batteries

LV-DL230 230mm Digital Level

- Heavy duty aluminium alloy frame oxidized, ABS shell against break and strong magnet inserted.
- Measure angle from 0 to 90 with digital display, tolerance of accuracy 0.1 = 1.7mm/m .
- Mode changed into degree or %.
- Hold a measure angle as record.
- The 0 and 90 level vial have invariable accuracy and with which can alibrate the digit 0 and 90 for keeping accuracy.
- Each inner packed with hanging color box.
- Logo printed as per your design.
